“Stop paying rent on your own revenue. Reclaim your business independence.”

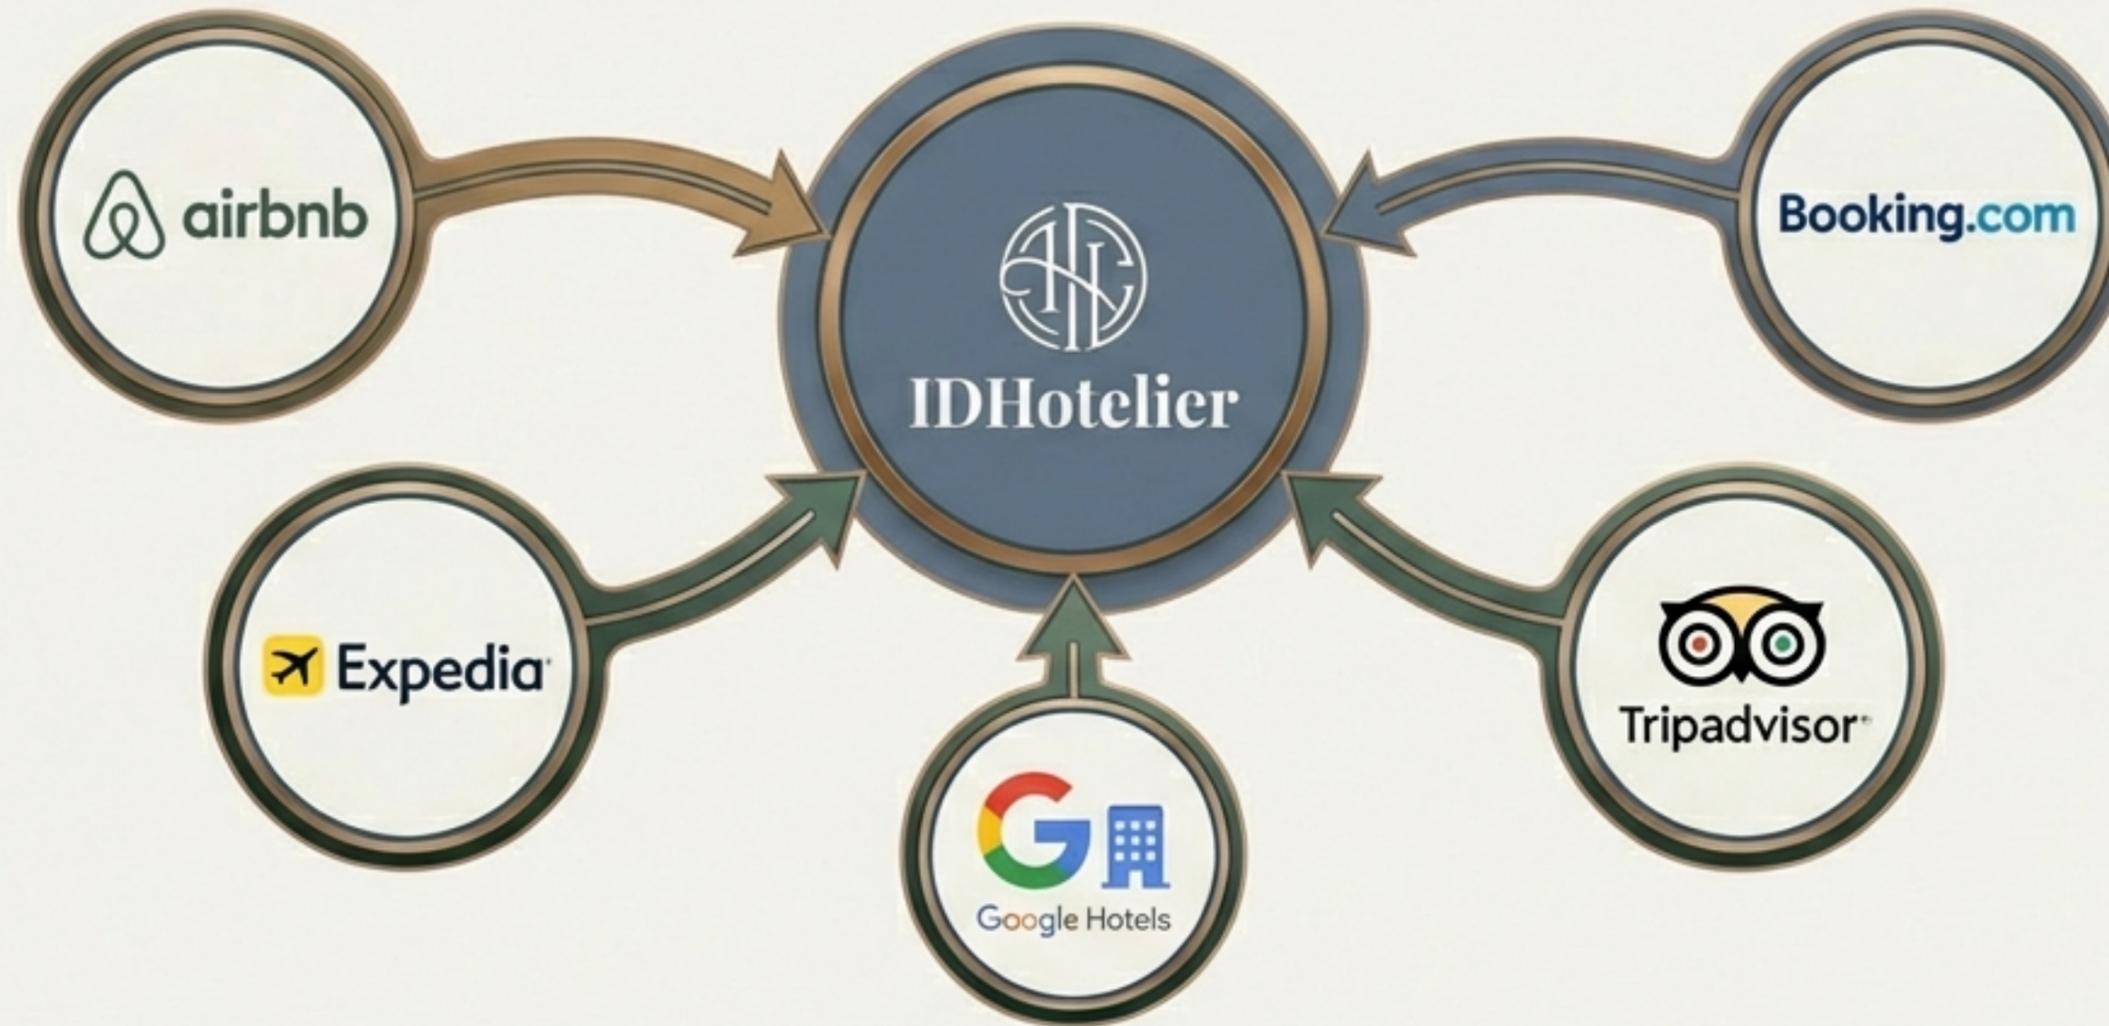

Pillar 1: Hotel Services

The Commission-Free Core

- ✓ **Direct Booking Engine:** A seamless experience optimised for desktop and mobile.
- ✓ **100% Earnings:** We take 0% commission. You keep every penny.
- ✓ **Flexible Pricing:** Set seasonal rates to maximize yield.
- ✓ **Multilingual Support:** Let guests book in their native language.

Global Distribution, Centralised Control

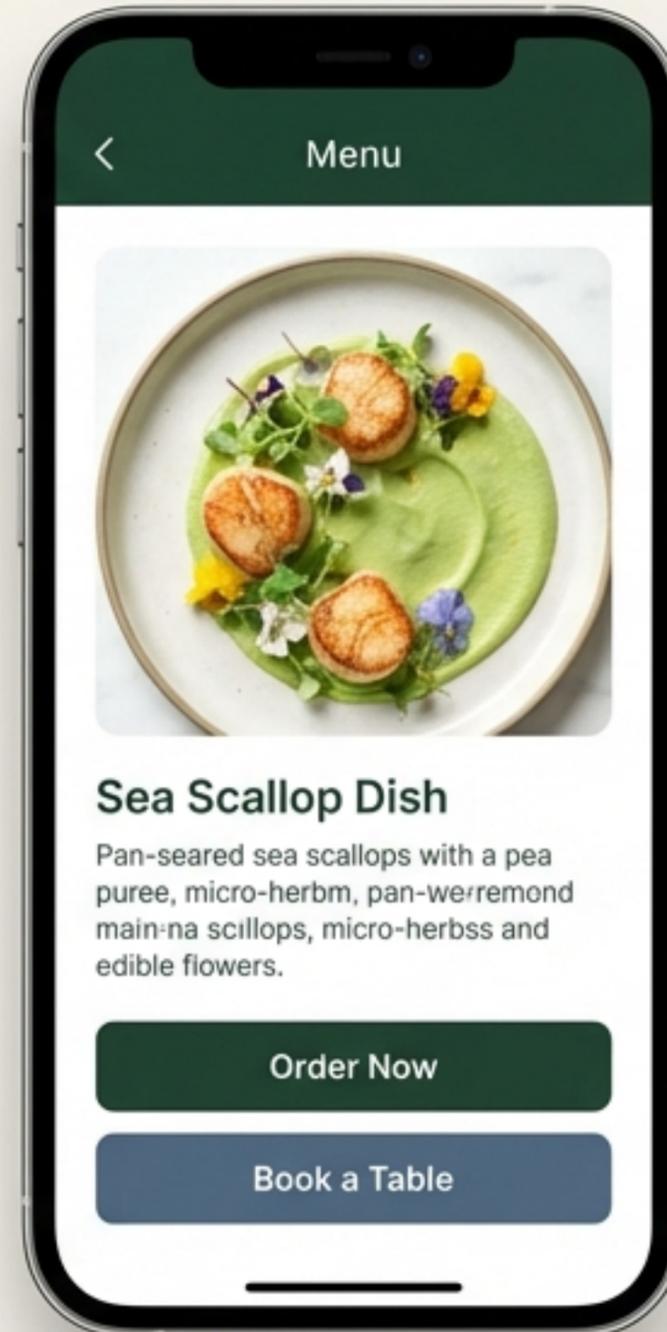

Effortlessly manage all your bookings through one system. Our Channel Manager, powered by HotelRunner, ensures you never double-book.

Sync 80+ Channels
(Real-time integration)

Unified Calendar
(One central hub)

Import Capabilities
(HomeAway & Google)

Pillar 2: Restaurant Services Dining as a Driver

- **Visual Online Menus:** Showcase dishes to entice guests.
- **24/7 Reservations:** Capture demand anytime.
- **Commission-Free Orders:** Keep margins high on pickup and delivery.

Seamless Dining Operations

Streamline your operations by syncing menus and orders directly with your existing hardware.

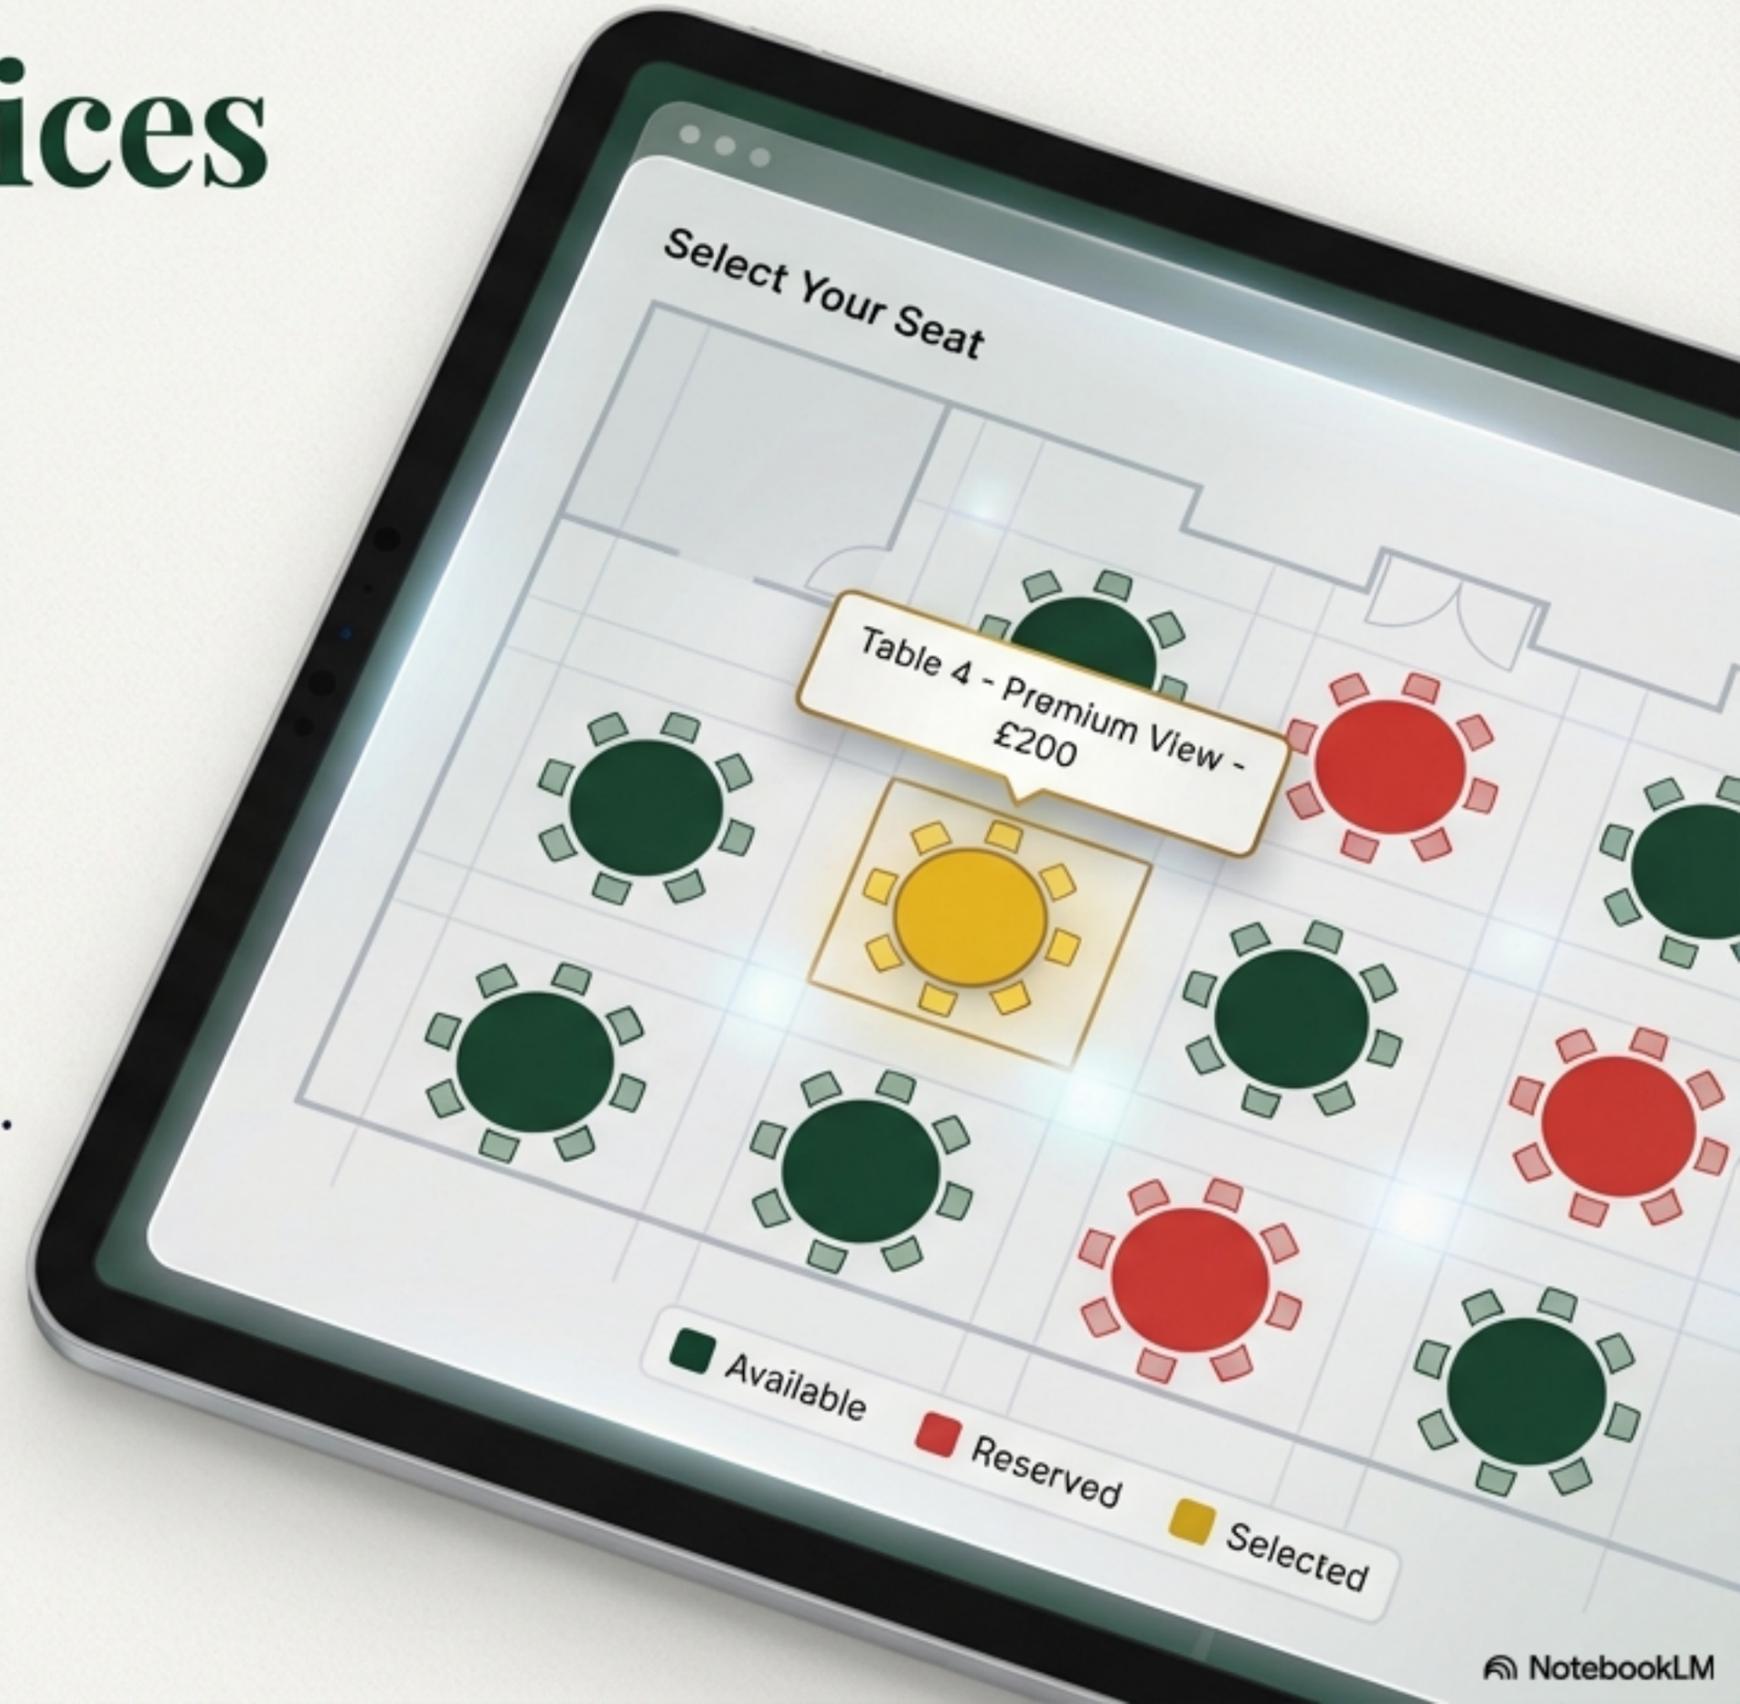

- **POS Integration:** Orders sent straight to the kitchen.
- **Loyalty Programs:** Rewards for repeat diners.
- **Analytics:** Optimise menu profitability with real-time data.

Pillar 3: Event Services

Monetise Your Space

Transform your property into a destination for conferences, weddings, and concerts.

- **Ticket Sales & RSVPs:** Unlimited ticket types and subscriptions.
- **Interactive Seating Maps:** Guests choose specific seats—essential for galas.
- **Tax & Revenue:** Automated collection and tracking.

Onsite Event Command

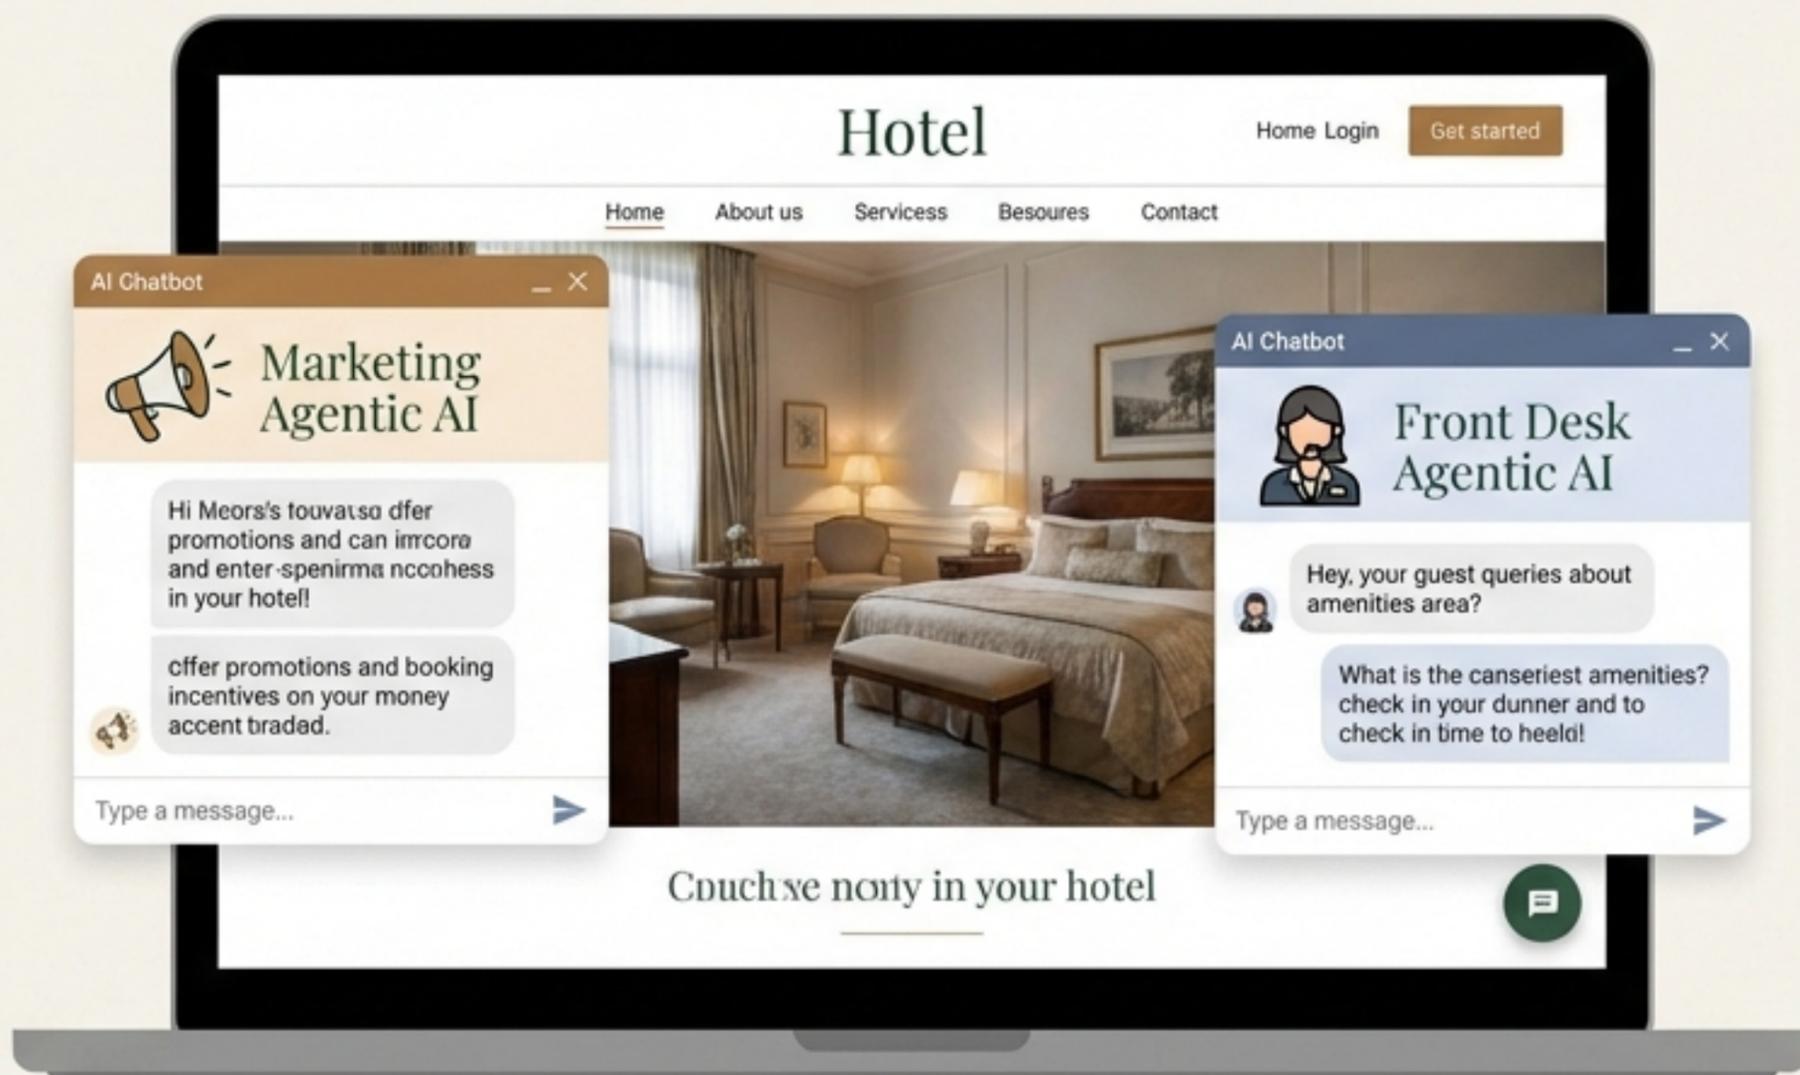

Smooth management of the event day using the IDHotelier mobile app.

- **Mobile Check-In:** Scan and verify instantly.
- **Walk-In Sales:** Sell tickets at the door.
- **Community Building:** Live discussion feeds for attendees.

Advanced Support: Intelligent Automation

Leverage the power of Agentic AI and enterprise-grade SEO to work smarter, not harder.

Search Traffic

- **Agentic AI:** Deploy Marketing & Front Desk AI on your hotel website for automated support.
- **Dominant SEO:** Integration with Google Search Console.
- **AI Visibility:** Track brand appearance on LLMs like ChatGPT.

Beyond the Room: eCommerce Integration

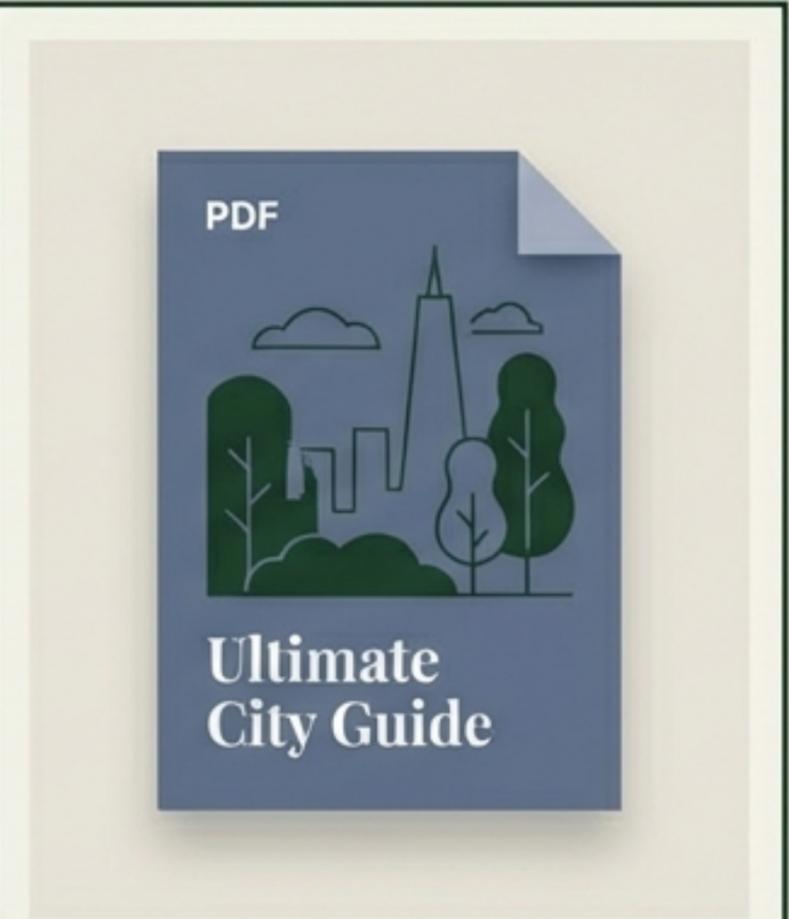

Extend your brand value by selling physical and digital goods directly from your main dashboard.

- **Multi-Product Support:** Merch, toiletries, gift cards.
- **Dropshipping:** Sell custom items with zero inventory.
- **Digital Products:** Monetise local guides and courses.
